Antalya Free Zone, not only with its worldwide connections but also modern infrastructure, communication and transportation, is the center of Russia, Turkic Republics, Middle East, Mediterranean and North African markets. On the other hand, Antalya thanks to its success in tourism, provides high quality accommodation and social activities to foreign investors.

Antalya Free Zone Port provides loading, unloading, open stock and warehouse services on two docks of total 400 meter-long.

Yachts Management Services offer launching, beaching and drydock possibilities for the yachts which are manufactured and repaired in the region. Besides these services, water, electricity, waste management, forklift and crane services are provided for the yachts.

Antalya Free Zone maintenance services becomes the highest capacity in East Mediterranean and one of the most important in the world thanks to its 176.000 sqm indoor and 35.000sqm outdoor area, 2000 tons-capacity Ship Lift and 560 tons-capacity Travel Lift.

ANTALYA FREE ZONE ADVANTAGES

Accessibility to Markets: Provisions of Foreign Trade Regime are applied so it is easier to reach domestic and foreign markets. Customs Union Criteria of Free Movement of Goods is applied with EU Countries where Common Customs Tariff is applied to third party originated goods.

Licence and Permission Process: Bureaucracy is minimized during the application and operations which enables more dynamic management. Affordable & convenient infrastructure is provided for all means of trade. Long term renting options (15-49 years) provides investors long term planning.

Ease in Reaching Supply Chain: Antalya FTZ creates an opportunity for the producers to reach the raw materials and intermediate goods by world prices and conditions. Use of convertible exchange enables companies make accurate predictions esp on inflation. The goods can stay in FTZ without a time limit, the income and profits are transferrable.

Tax Exemptions: Producer companies either domestic or foreign are able to benefit tax exemption of;

- Corporate Tax
- Stamp Duty
- Customs Duty
- Value Added Tax

All investors benefit from the subsidies and advantages equally
